SPIEGEL & MCDIARMID LLP

FERC v. Electric Power Supply Association: Defining the Federal-State Divide

April 5, 2016 |

Amber Martin presented on the U.S. Supreme Court's decision in FERC v. Electric Power Supply Association before the Connecticut Bar Association's Energy, Public Utility and Communications Law Section and UConn's Center for Environment & Energy Law Joint Meeting. That decision upheld FERC's Order No. 745 (https://www.gpo.gov/fdsys/pkg/FR-2011-03-24/pdf/2011-6490.pdf) on wholesale demand response. You may read the slides and text outline at the link below.

Connecticut Bar Association Energy, Public Utility and Communications Law Section and UConn's Center for Environment & Energy Law Joint Meeting

Related Practices and Services

- Litigation and Appeals
- Electric
