SPIEGEL & MCDIARMID LLP

Electricity Storage: Technologies and Regulation — an Update

October 8, 2012 | *David E. Pomper*

Spiegel partner David E. Pomper made a presentation on *Electricity Storage: Technologies and Regulation — an Update* at the PNWER Energy Storage Coalition Meeting on October 8, 2012. This meeting was held jointly with Oregon and Washington Utility Commissions and Commissioners from Idaho and Alaska were represented as well.

PNWER and the Oregon and Washington Utility Commissions worked collaboratively to bring together energy storage developers and utilities to discuss their perspectives on opportunities and challenges to deploying energy storage technology in the Pacific Northwest.

PNWER Energy Storage Coalition Meeting

Related Practices and Services
