

FERC v. Electric Power Supply Association: Defining the Federal-State Divide

April 5, 2016 |

Amber Martin presented on the U.S. Supreme Court's decision in [FERC v. Electric Power Supply Association](#) before the Connecticut Bar Association's Energy, Public Utility and Communications Law Section and UConn's Center for Environment & Energy Law Joint Meeting. That decision upheld FERC's Order No. 745 (<https://www.gpo.gov/fdsys/pkg/FR-2011-03-24/pdf/2011-6490.pdf>) on wholesale demand response. You may read the slides and text outline at the link below.
