

# Retrofitting Ratemaking: Addressing Perverse Incentives in Wholesale Transmission Rates

November 16, 2021 | [Lauren L. Springett](#), [Anree G. Little](#)

Katie Mapes, Lauren Springett and Anree Little authored an article entitled “Retrofitting Ratemaking: Addressing Perverse Incentives in Wholesale Transmission Rates,” published in the most recent issue of the *Energy Law Journal*. The article, which focuses on the perverse incentives created by traditional utility rate regulation as well how to better align those incentives with customers’ interests, is attached below.
