SPIEGEL & MCDIARMID LLP

Jeff Bayne and Lauren Springett Present at Kentucky League of Cities Utilities Partnership Event

July 21, 2026 | *Jeffrey M. Bayne, Lauren L. Springett*

On July 17, 2026, Spiegel & McDiarmid partner Jeff Bayne and associate Lauren Springett spoke to the Kentucky League of Cities Utilities Partnership on the latest federal developments on utility regulation. Their presentation covered:

- Developments at FERC and NERC, focusing on significant recent and upcoming actions on the interconnection of data centers and other large loads to the transmission grid;
- FERC's increased attention to affordability issues;
- The potential implications for FERC of the Supreme Court's recent opinion on the constitutionality of independent agency removal protections; and
- The FCC's ongoing efforts to preempt certain state, local government, and public power authority over wireless and wireline deployments in the public rights-of-way.
